## EDUCATION

**Bachelor of Engineering in Computer Science and Engineering**  2019 – present
Ramaiah Institute of Engineering, Bengaluru  CGPA : 8.87/10
Courses : Data Structures, Algorithms, OOPS with Java, Computer Networks, Operating Systems, DBMS, Python Programming, Artificial Intelligence, Software Engineering, Applied Graph Theory

**Pre-University**  2017 – 2019
Alvas PU College, Mangalore  Result : 91.67%
*Courses* : PCMB

## PROJECTS

**Automated Class Assigner**
- Implemented using **Python** Programming Language and **Atlas MongoDB** to store the timetable.
- Integrated with **Telegram Messenger** to get notified about vacant classes through message.
- Assign the absent teacher's class of particular date to the accepted teacher and generates leave certificate.
- Features include remainders, generation of leave certificate, supports Markdown text.

**Virtual Personal Assistant** ⬈
*Like Google Assistant*
- Implemented using **Python** which provides an API **pyttsx3** that converts audio into text for further processing.
- Offers voice commands, voice searching and conversational interactions, letting you complete a number of tasks.

**Watermark the PDF**
- Automated Software Robot built using advanced automation software **UiPath Studio**
- Integrated with **Telegram Messenger** where user uploads the PDF document that is to be watermarked.
- Watermarked PDF document will be sent to the user through e-mail which was given by user while uploading the document

**Netflix Clone - video streaming platform**
- Developed a video streaming platform similar to Netflix where users can stream the movies.
- Authenticate users via email and password
- Utilized **ReactJs**, **NodeJS**, **MongoDB** and **Firebase Storage** to upload the movie by the admin.

## SKILLS

**Programming Languages**
Python, Java, C

**DBMS**
SQL(MySQL), NoSQL(MongoDB), JDBC

**WebDevelopment**
HTML, Cascading Style Sheets(CSS), JavaScript, ReactJS, NodeJS , JQuery

**Robotic Process Automation**
UiPath Studio
